NOTE FOR [REDACTED]

25X1

John, RSI requests your assessment of how we should handle attached request from [REDACTED] ACDA/WEC-- what problems, if any, it poses; the action sequence required to meet it; etc. When you have got it lined up, please come up and talk it through with [REDACTED] He has three steps in mind following his chat with you:

25X1

25X1

- Before any action is taken, he wants to check it out topside;
- He will respond in a note from himself to [REDACTED] informing him of the action we eventually decide on, copies to [REDACTED] et. al.
- [REDACTED] will then note the action at an appropriate COMIREX meeting, thereby getting it on the record and keeping all informed.
